

Body Systems Bingo

Call Sheet Review Questions

1. What is the main role of the mouth in the digestive system?
2. How do the lungs function in the respiratory system?
3. What is the function of the heart in the circulatory system?
4. How do muscles support the movement of the body?
5. What does the esophagus do in the process of digestion?
6. What is the role of the diaphragm during breathing?
7. How do blood vessels contribute to the circulatory system?
8. What happens in the intestines after food has been digested?
9. Why are nutrients important for the body?
10. What is the significance of oxygen in cellular processes?
11. What is the digestive system responsible for?
12. Describe the function of the circulatory system.
13. What does the respiratory system do for the body?
14. How do the musculoskeletal system and muscles work together?
15. What are cells, and why are they important?
16. What are capillaries, and what role do they play in circulation?
17. How do enzymes assist in the digestive process?
18. What is the purpose of the trachea in the respiratory system?
19. What do arteries do in the circulatory system?
20. What is the function of veins?
21. What is digestion, and why is it necessary?
22. How does respiration differ from digestion?
23. What is circulation, and how does it benefit the body?
24. What does absorption refer to in the digestive process?
25. How does the body transport nutrients and oxygen?
26. What is waste, and how does the body eliminate it?

BINGO ANSWER SHEET

Mouth	Lungs	Heart	Muscles	Stomach	Esophagus
Diaphragm	Blood Vessels	FREE	FREE	Nutrients	Oxygen
Digestive System	Circulatory System	Respiratory System	Musculoskeletal System	Cells	Capillaries
Enzymes	Trachea	Arteries	Veins	Small Intestine	Large Intestine
Digestion	Respiration	Circulation	Absorption	Transport	Waste

BODY SYSTEMS

B I N G O

Large Intestine	Absorption	Esophagus	Cells	Muscles
Circulation	Arteries	FREE	Capillaries	Enzymes
Respiration	Nutrients	Circulatory System	Blood Vessels	Lungs
Veins	Stomach	Small Intestine	Mouth	Oxygen

BODY SYSTEMS

B I N G O

Stomach	Absorption	Veins	Musculoskeletal System	Muscles
Circulation	Arteries	FREE	Respiratory System	Heart
Respiration	Trachea	Circulatory System	Blood Vessels	Lungs
Digestion	Enzymes	Diaphragm	Mouth	Waste

BODY SYSTEMS

B I N G O

Respiratory system	Trachea	Circulatory System	Blood Vessels	Lungs
Mouth	Digestive System	FREE	Diaphragm	Enzymes
Digestion	Waste	Large Intestine	Capillaries	Oxygen
Esophagus	Transport	Small Intestine	Cells	Nutrients

BODY SYSTEMS
